

Fund Drive Off To Good Start

Three Thousand Dollars Collected Here in First Three Days of Greater Boston Community Fund Drive—Local Agencies Benefit

The Community Fund drive for 1941 is in full swing throughout Arlington. Nearly \$3000 of the \$21,000 goal was reached in three days after the campaign got under way and 800 solicitors are bringing more funds into headquarters constantly.

The familiar Indian head, used by the Arlington Community Chest drives in recent years is again on display in front of the Unitarian church in Arlington Center. Prescott W. Baston, well-known local artist and sculptor, has repainted the sign and this year will add red feathers to the headdress as the Arlington quota reaches the top.

It is expected that the volume of gifts turned into headquarters by solicitors will increase this week-end as solicitors get more free time to make their rounds of every home in Arlington in their drive for funds to support 200 social agencies of Greater Boston.

Mrs. William A. Muller, chairman of the Arlington drive, urges that all residents of Arlington make solicitors welcome and give generously this year because of the great work done by the participating social agencies. She stressed again that Arlington agencies benefit from the fund as well as Boston agencies. The local agencies participating are: The Boy Scouts, Girl Scouts, Visiting Nurses' Association, Social Service League, Inc., St. James Branch of the Mass. Catholic Women's Guild, St. Vincent de Paul Society of St. Agnes Parish and the Arlington Boys' Club.

Considerable rivalry has arisen among the district leaders who are urging their workers to be the first to complete the various sections and to turn in the largest total amount for the Community Fund. Mrs. Muller has offered a prize to the district leader getting the best results. This prize is to be kept secret until the drive is over.

Ask Town Buy Farm For Park

Arlington Heights Tower Association to Insert Article in Town Warrant for Purchase of Robbins Farm—Petition Now in Circulation

An article asking the town meeting members to approve the purchase of the Nathan Robbins farm on Eastern avenue, for park purposes, will be included in the warrant for the annual town meeting next March, it was learned this week.

According to the description of the property involved, it would include approximately eleven acres of land bounded by Scituate street, Eastern avenue, Grandview road and Hawthorne avenue, as well as the large dwelling house and other buildings on the farm. The present assessed value of the farm and buildings is \$27,500, according to those who are advocating the purchase of the site, and if taken by right of eminent domain, the Town would be called upon to pay not more than 25 per cent over the assessed value or not over \$34,000 for the property.

The Arlington Heights Tower Association, incorporated, is enthusiastically supporting the proposition and at a recent meeting of that organization a special parks and playgrounds committee was appointed to meet with Mr. Robbins and study the situation at length. At this meeting, Mr. Robbins stated that he had always intended to turn the farm over to the Town of Arlington to be used as a public park.

Members of this special parks and playgrounds committee are Clifford Schiring, John O'Neil, Clarence A. Estey and J. Wilbert Anderson.

Many Support It

Although the Tower association organized the movement for the purchase of the farm, several other organizations, including the Brackett School Parent-Teachers' association, have shown keen interest in the

Farm for Playground

matter and have promised their active support to inform the townspeople of the advantages to be gained from purchasing the site at this time. John P. Ackers, of 36 Grandview road, clerk of the Tower association, has agreed to assist anyone seeking further information regarding the project.

If purchased by the Town, the Robbins farm would come under the jurisdiction of the park department. William Patterson, chairman of the Town's special parks and playgrounds committee has already conferred with the Tower committee and although he pointed out that his committee is authorized to suggest improvements to existing park property only, the special committee would be glad to assist in laying out an attractive park area on the Robbins farm if it is purchased by the Town.

Town Landmark

The proponents point out that the Robbins farm is a landmark in Arlington. The large home at one of the highest points on the farm, just opposite the Brackett school, may be seen from a considerable distance as one comes up the Cambridge-Concord turnpike from Cambridge. It is pointed out that there is not much park area available in Arlington and that should this site be purchased by the Town, it would add considerably to Arlington as a residential community.

While fifty to sixty houses might be built on the farm if it is sold to a private developer, which would add approximately

\$360,000 of taxable property, those who favor retaining the farm as a park point out that a development would mean additional expense to the Town for streets, sewer, town services, etc. With an average of two children per family, it is estimated that, at a cost of \$100 per child per year for schooling, this would amount to still another large annual expense to the Town.

Although the Brackett school playground is just across the street from the Robbins farm, older boys and girls are not permitted to use this playground. It is explained.

A petition was put in circulation yesterday to get the required number of signatures so that the article may be included in the town meeting warrant.

Bishop Will Speak Here

The Rt. Rev. W. Blair Roberts, D.D., Bishop of South Dakota, will speak twice in St. John's Church, Pleasant street, next Monday, at 3 p.m. to the women, and at 8 p.m. to men and to those women who cannot attend in the afternoon.

The Bishop's entire ministry has been spent in South Dakota.

Bishop Roberts should have an interesting story to relate. A cordial invitation is extended to all who are interested to attend either of these meetings.

WPA Approves MDC Project

The Federal government has approved in Washington, the allotment of \$24,444.00 for the WPA project sponsored by the Metropolitan District commission to construct a water main in Arlington, according to a telegram received by the NEWS from Congressman Edith Nourse Rogers.

The project calls for the laying of a 24-inch water line from the M. D. C. pumping station near Hobbs court to connect at Park avenue with the existing 16-inch line going to Lexington and the 12-inch line now in Park avenue.

The new 24-inch water main will run from the pumping station, up the Boston & Maine railroad tracks, to Kenney's School, to Forest street, to Massachusetts avenue. It will make it possible to pump water directly into the present mains, mentioned above, instead of pumping the water first to the Heights standpipe.

Two Stolen Autos Are Recovered Here

Do you know about the little ENGINE THAT UNDERTOOK TO HAUL A BIG TRAIN OVER A HIGH MOUNTAIN?

It kept saying, "I THINK I CAN," "I THINK I CAN." And, of course, it did.

Well, the B and M's New Fun Train—offering early evening service to Boston for movie-goers, theatre, hockey fans, or families going in town for the evening—thinks it can earn expenses.

And, of course, it can—all it needs is a few more passengers per night. We inaugurated this service at popular request, and we need popular support if we are to continue it.

It's easier by Train — no parking problems. (Take Train from West Medford or Winchester).

Lv. Winchester 7:43 p. m.
Lv. Wedgemere 7:45 p. m.
Lv. West Medford 7:49 p. m.
Arrive Boston 8:00 p. m.
Late trains leave Boston for these stations at 11:00 and 11:35 p. m. Free Parking at West Medford.

We give the schedule of the Fun Train at the left. Does this answer your transportation problem for evenings in Boston?

WILL YOU GIVE YOUR SUPPORT?

An appeal by Walter Howe, conductor of the Worcester Music Festival, for more male voices to fill in the ranks left vacant by singers who have been called away for army duty received publicity in practically every metropolitan newspaper this week. The possibility that the festival, which has been given annually for years, may have to be cancelled this year was even mentioned. The story was unusual because it had some connection with our defense plans.

The story probably caught the attention of many Arlingtonians, first, because Mr. Howe is well-known here as former organist in the First Baptist church; secondly, because our own Philharmonic Society faces a similar problem—it definitely needs more volunteers. The world is full of a number of things which take the curse off its shortcomings. Arlington has several of these, including musical groups. The new Philharmonic Society can be cultivated into an organization of untold value as an opportunity for those who love music.

There are many volunteers who like to play an instrument or to raise a voice in large ensemble. But the Arlington concerts, praiseworthy as they have been over the last several years, fail to the extent that not enough local volunteers have awakened to the call. From small beginnings, the past year finally has brought forth a joint organization embracing both an orchestra and a chorus under the name of the Philharmonic Society of Arlington, Inc.

This well established group has given a fall concert and "The Messiah". Two other concerts are planned for the season, including the annual "Pops" late in the spring. It needs more participating and more sustaining members. A wide range of good music, orchestral and vocal, is offered. What is needed specially are performers who will give time for enough rehearsals, conveniently spaced, to make a well coordinated group for satisfying results.

Those in Arlington who love choral and orchestral music are urgently invited to align themselves with the new society, in active or sustaining membership, for the advancement of another phase of our progressive community.

OPPORTUNITIES FOR YOUTH

Dr. Allan A. Stockdale of National Association of Manufacturers, who was the principal speaker at the annual meeting of Sackem Council, Boy Scouts of America, contributes the following editorial, which might apply not only to Boy Scouts but to every boy in America.

The youth of high-school age today sees a world around him whose main interest seems to be in war and in defense preparation. The airplanes flying overhead suggest the destruction by air war abroad; the radio lets us almost hear the rat-tat-tat of machine guns and the explosion of bombs; the departure of young men from every community for military camps reminds us that America, too, belongs to the world where these things are going on. Indeed our country is in the midst of a mighty effort to keep the storm of war from sweeping into this hemisphere. No wonder such matters absorb our attention.

But the opportunities for American youth—for the Boy Scouts of today—are not likely to be in those activities, even though they are now uppermost in our minds. There are services that Boy Scouts may be called on to do for national defense, and they will do them. Their main business, however, should be to prepare themselves for the opportunities that await them when this national emergency is past.

The progress Americans have made in the past 150 years in the occupation of a continent, in the mastery of nature, and in the improvement of their scale of living is only a start on a road whose end nobody can foresee. Science tells us of new frontiers which it has explored and which are ready to be occupied, and of other frontiers on the horizon which are yet to be explored. These are not geographic frontiers, but frontiers of present human wants that have not been satisfied and of further wants that will be created by new discoveries and inventions.

As long as there are more things that need to be done than there are persons qualified to do them, there will be opportunities for youth. It is for them to fit themselves in body and mind so that when they leave school they will not only recognize opportunity but also be able to take advantage of it. There may always be some over-crowded occupations; but we may be sure that there will be countless occupations seeking well-prepared recruits, in the years full of promise that lie ahead.

The NEWS OBSERVES

President Roosevelt's inauguration on Monday as the first three-term President of the United States was this week's big news. A record-breaking crowd reviewed the impressive ceremony.

Far more sensational, however, was Col. Charles A. Lindbergh's testimony, yesterday, before the House Foreign Affairs Committee. Speaking against the Lease-Lend Bill Col. Lindbergh flatly stated that the combined forces of the United States and England could not win the present war, and that Germany could not successfully invade England, either.

The Colonel proposed a "negotiated peace." He opposed the Lease-Lend bill because "it's a step away from democracy and it's one more step closer to war." He gave four reasons why "this is not our war." At the same time he advocated a strong air force to defend this country.

Chief Engineer Cummings of the Boston & Maine was in Arlington yesterday to look over the railroad's stations. He agreed with President Ryder of the Chamber of Commerce that the stations could stand a coat of paint.

Baby William Shields, of Fordham street, the first baby born in Arlington in 1941 was showered with gifts from a group of stores advertising in the NEWS recently. This week the NEWS received a letter of thanks from the proud parents, Mr. and Mrs. Stanley S. Shields expressing appreciation to the stores which made the gifts for the New Year baby possible.

Larger and more dramatic than ever before, the 70th annual New England Spring Flower Show of the Massachusetts Horticultural Society will be held March 17-22, Monday through Saturday, inclusive. Mechanics Building will be the site of this colorful preview of Spring, the dusty acres of its several halls to be magically transformed into some 173 lovely gardens.

When a St. Bernard dog owned by Mrs. Anna Speers, of 259 Park avenue fell into a deep excavation on Park avenue near Oakland avenue late Monday night it caused plenty of excitement. Police tried in vain to rescue the dog. Finally Engine 3 company of the fire department extricated the pet.

Democratic Town Committee Party Next Wednesday

The Arlington Democratic Town committee is sponsoring a bridge and whist party at Chestnut Hall, Chestnut st., next Wednesday evening at 8 o'clock. Tickets may be procured from all members of the committee or at the door.

IN CHARGE OF Traffic!

USE THE PROGRESSIVE MERCHANTS' GUIDE TO MORE SALES VOLUME — The Arlington News

THE PROBLEM of getting sufficient customer traffic into a store is recognized by every merchant. With few exceptions, the life and success of a business is in direct proportion to the number of possible buyers that daily pass through the doors. Similarly, every established merchant realizes that the customer who enters his place of business is in search of certain quality at a certain price. The successful business man stocks the items in the quantities and qualities desired by his customers.

But after a merchant stocks the right merchandise and recognizes the need for customer traffic, what shall he do then?

He can follow the lead of successful merchants still further! He can advertise! He can tell 11,000 families living in Arlington about his business and his merchandise. He can make them special attractive offers to increase his store traffic.

How can he reach those necessary 11,000 families for the least amount of money and with the greatest amount of certainty?

He can advertise in the Arlington NEWS, the newspaper that is read and accepted by over 11,000 Arlington families every week!

CONSISTENT ADVERTISING IN THE ARLINGTON NEWS BRINGS RESULTS!

Case histories of ads run by consistent advertisers show an even greater degree of success than those run by occasional advertisers. Regular NEWS advertisers build up an acceptance in the minds of readers. Their ads have an identifying continuity

that potential customers look for. If you are in business and are not now an advertiser in the Arlington NEWS, we urge you to investigate the NEWS possibilities.

Local news stories in the NEWS guarantee readers interest.

New Gym Class For National Defense Program Starts Soon

As a result of President Roosevelt's recently expressed opinion that national health is an essential element of our National Defense, the local adult Recreation Project of the WPA, through Supervisor Leonard Collins, in conjunction with the School authorities, will sponsor a drive to promote the general health, by conducting a series of classes in physical activities in the Arlington High school gymnasium. These classes will be held every Wednesday evening at 7:30 o'clock beginning January 29 and are open to all young men of draft age who expect to be called for service, and also to those over the draft age who are planning to serve their country if necessary, by serving in one of the Home Guard units now being organized throughout the country.

"Meet Young China" At Baptist Church Next Sunday Night

A unique auditorium program will take place at the First Baptist Church next Sunday evening, at 7:30 o'clock when Miss Grace Boynton will deliver her very unusual talk on "Meet Young China."

Miss Boynton is a specialist on Chinese conditions, having traveled extensively from one end of China to the other over a period of twenty-two years. She comes to Arlington from the American Board of Foreign Missions. She is the granddaughter of Nehemiah Boynton, famous in the annals of religious New England. In addition to her travels, she has gathered a wealth of material as teacher at Yenching University.

Previous to her address, Peter Ting of Harvard, will entertain with Chinese music on the flute. A motion picture on present conditions of China will also enhance the program. The public is invited.

Mrs. R. L. Bolton and Mrs. Matthew Dickie have been active in arranging this outstanding program. The pastor will preside.

—Warren Canavan, of 11 Moore place has joined the United States Navy. His brother, William is already in this service and is now in Hawaii.

Soda Water Bottlers' Group Re-Elects J. C. Shea As Its President

The Eastern Soda Water Bottlers' association held a most successful convention last week with the finest exhibit in the history of the industry, at Horticultural Hall, Boston. The convention exhibit opened last Monday morning at 9 o'clock and extended through to Wednesday evening. Business sessions were held on Tuesday and Wednesday and were featured by addresses by prominent state and national officials.

J. CLAUDE SHEA

George S. Derry of Philadelphia, past president of the National Bottlers' organization, presented a silver-plated inscribed gavel to President J. Claude Shea of the Eastern Bottlers as a token of appreciation for the achievements of the latter association in behalf of the industry.

J. Claude Shea of the Colonial Beverage Company of Cambridge and a resident of Belmont, was re-elected president. The carbonated beverage industry provides employment for many thousand citizens. Due to new methods of processing and vastly improved production machinery, bottled carbonated drinks have attained, in recent years, very high standards of purity and food value. Although this improvement in quality has resulted in a tremendous increase in consumption, new plants and new capital investments have kept pace. Competition has kept the profits down and the result has been better carbonated beverages at no increase in cost to the consumer.

War News Editor To Address Cutter PTA

The first meeting of the New Year of the Cutter School P. T. A. will be held Tuesday evening, January 28. This will be the long anticipated Fathers' Night for it is the one meeting entirely in charge of the fathers of Cutter pupils. Speaker, entertainment and even refreshments will be handled without mothers' help.

Herbert Black, war news editor of the Boston Evening Globe, will speak on "Events Behind the News." As it is his exciting task to read all war news; select the items to be published; and write the headlines, this promises to be a stimulating talk. Mr. Black will welcome questions and discussion after his speech.

A quartet composed of fathers and the P. T. A. orchestra will furnish entertainment; while a surprise is promised for refreshments. Through unavoidable circumstances the third meeting of the Study Group will be held in the Robbins Library, Monday, Jan. 27, from 7:30 p. m. to 9 p. m. The topic is the Arlington School System with Supt. Joseph S. Keating and M. Norcross Stratton as speakers. As attendance will be taken we urge our members to help maintain our record by coming to this brief but valuable meeting.

Van Operators Charge Discrimination By War Department In Dealings

A group of 2,000 trucking companies has urged action by the National Defense Advisory Commission to relieve them of alleged discriminatory practices of the War Department in its dealings with transportation agencies.

The complaint, filed by the Household Goods Carriers Bureau, national representative of the companies, flatly charged discrimination against van operators engaged in transportation of household belongings and personal effects of War Department personnel.

These carriers, the bureau said in a letter to Ralph Budd, transportation representative on the Defense Commission, are required to submit competitive bids to obtain movements of household goods, while the railroads and motor carriers of general freight are given War Department freight at their regular published tariff rates.

The bid procedure, the bureau declared, results in wasteful and unnecessary cost, unwarranted delays, uncertainty as to the responsibility of the carriers selected, and destructive competitive practices which threaten to prevent maintenance of the sound transportation system that is vital to national defense.

The bureau explained that before they were placed under the jurisdiction of the Interstate Commerce Commission, motor carriers were of doubtful common carrier status and the bid system was necessary, but enactment of the Federal Motor Carrier Act in 1935 rendered the bid system "obsolete."

Universalists Mark Church's Centennial

A gathering of parishioners which filled the vestry of the First Universalist Church Saturday evening was deeply moved as the bell in the steeple rang while they stood in silence during the invocation by their pastor, the Rev. Robert M. Rice, at the start of a banquet celebrating the 100th anniversary of the church. Some of those present had heard the bell of this church ring before the Civil War; others had traveled hundreds of miles in returning to their former church home for this notable occasion.

The banquet was one of several highly successful features in observance of the centennial. Tea was served Saturday afternoon during "open house" in the parish hall under the direction of Edith N. Winn. The pourers were Mrs. Charles Duhig and Mrs. Howard Hawkins. Paula Pitko and Helen Nelson served refreshments to many visitors who examined with great interest a display of photographs, books, documents and programs arranged by the centennial historian, Robert F. Needham.

As the banquet hour approached the hall became crowded with people who had come through the church auditorium where Mrs. Margaret Sandberger was playing the Farmer Memorial organ. Assembling in the vestry for the banquet the guests heard lovely music from a trio composed of Dorothy Churchill of Melrose, violinist; Mrs. Eleanor Schoessler, cellist, and Mrs. Ralph Churchill, pianist. Attractive decorations befitting the spirit of the occasion had been arranged by Barbara Llewellyn.

At the close of a delicious dinner served by Mr. and Mrs. Hamilton, local caterers, David L. Pierce, chairman of the centennial committee and toastmaster, began the introduction of special guests. At the head table were Dr. and Mrs. Robert Cummings, Rev. and Mrs. Robert Rice, Dr. and Mrs. William Wallace Rose, Rev. Charles T. Hall, Rev. Edward L. Houghton, Mr. and Mrs. Irving C. Tomlinson, Rev. Rubens R. Hadley, Rev. Francis W. Gibbs, Mr. and Mrs. Harold M. Estabrook. Also Mrs. Grady Feagan, Rev. John Nicol Mark, Rev. and Mrs. Laurence Barber, Rev. and Mrs. George Butters, Mr. and Mrs. Raymond H. Stearns, Mrs. David Peirce, Virginia Dunlap and R. F. Needham.

Rev. Charles Taber Hall, dean of the Arlington ministers spoke a word on their behalf. The greetings of the civil government were brought by Harold M.

Estabrook, chairman of the Selectmen; Dr. Robert Cummings brought the good wishes of the Universalist General Convention. Mr. Peirce read letters of greeting from Winslow Chase Sisson, clerk of the First Parish, Albert Wunderly, clerk of the Orthodox Congregational Society. Other letters provoking appreciative applause came from Mrs. Anne Tyson of Detroit, formerly wife of the late Rev. Charles F. Patterson, Mrs. Frank L. Massee, of Santa Paula, Cal., widow of Rev. Frank L. Massee, Rev. Harry Fay Fister, now of Milford, Mass., and the Rev. William H. Gould, now of Turners Falls, Maine.

In introducing the Rev. Edward L. Houghton, pastor 1885-86, Mr. Pierce mentioned the notable parish reunion of Nov. 20, 1885 that he promoted which had re-invigorated the church life at a critical time. Displaying unusual vigor for a man four score years Mr. Houghton, now living in retirement at Huntington, N. Y., urged his fellow ministers to stress the spiritual needs of mankind.

Irving C. Tomlinson, pastor 1889-93, now on the board of the Christian Science Church in Boston, spoke of the sinister forces working for the disintegration of the social order and pointed out that the remedy for present worldly ills lies in the basic principles of the Universalist faith.

The timelessness of the Universalist faith was mentioned by the Rev. R. R. Hadley, predecessor of Mr. Rice, who was accorded extended applause by his former parishioners. He is now the pastor of the Peabody Universalist Church.

Dr. William Wallace Rose, pas-

tor of the Lynn Universalist Church, based the principal address of the evening upon three thoughts underlying the Universalist faith—the humanity of God, the divinity of Man and the utility of religion as a way of life. A benediction by Mr. Gibbs brought the occasion to a close.

Sunday morning a large congregation joined with the pastor in a solemn re-dedication of the century old house of worship, the oldest in Arlington.

In addition to the choir there was special music by Mrs. Laura Herrig Kelley, violinist, Miss Katharine Yerrinton, pianist, and Mrs. Margaret Sandberger, organist. The choir included Annette Cutts, Barbara Shinn, Elena Shinn, Adele Needham, Gertrude Hesselstine, Ernest Hesselstine Jr., John Wellington, Fred Stearns and Thomas L. Jones. The ushers were Ernest W. Davis, Herbert O. Dutcher, Arthur S. Harding and James F. Youniss.

In a powerful sermon message entitled "Bred in the Great Tradition," Dr. Robert Cummings stressed the fact that machines created by Man in the past hundred years have run away with him.

Orchids from a Holly Grower

Buick SUPER Sedan, \$1185.*

ORDINARILY we don't go in for owner-testimonials. But every now and then, along comes a letter that so perfectly portrays the way Buick owners feel about their cars that we haven't the heart to keep it from you.

Here, for example, we quote from Mr. Ambrose Brownell, English holly grower of Milwaukie, Ore.

"... When I drove that '41 SUPER out of Flint... and started a circle trip home... I jotted down each gas purchase and mileage to sort of figure my expenses..."

"It wasn't long before I got suspicious of something wrong... The gas gauge needle just didn't go down fast enough..."

"But, Roy, all the way home it was the same story. The Buick wormed through miles of city traffic... made numberless stops to inquire directions, purred along in sizzling heat that made my feet feel like two fried eggs, breezed over the Rockies at 9,000 elevation... and finally fairly stole home through the sinuous Columbia Gorge."

"Statistics? Of course: 3,200 miles; 165 gallons... Ethyl gas; 19.51 miles per gallon; gas expense—1 1/100¢ per mile; total out-of-pocket expense—1 28/100¢ per mile."

"... Roy, I'm glad I bought a Buick."

Mr. Brownell has other nice things to say about his Compound Carburetion-equipped 1941 SUPER.

But the point is that everywhere Buick is running up such astonishing records for thrift that letters like this are commonplace.

Why not drop in on your local dealer and try out the thrifty traveler that brings us orchids from a holly grower?

St. Jerome's Altar Boys' Society To Sponsor Card Party

The Altar Boys' Society, now in its seventh year at Saint Jerome's, will conduct its annual bridge and whist party in aid of the parish, Jan. 31 at Hardy School on Lake street. The pastor of Saint Jerome's, the Rev. Joseph M. Fitzgibbons, organized the altar boys' society shortly after he founded the parish six years ago last September and has trained and directed the boys. Each year a banquet is tendered the society by the pastor and this year's "spread" held in the committee room of the rectory thrilled every one of the twenty youths.

After the turkey dinner was consumed, speeches by Robert O'Brien and John Lyons, Jr., were followed by Robert Carey's dedicatory poem and instrumental and vocal solos by Henry and John Donlan and Raymond Sweeney. Father Daniel Sullivan of Marcelline Academy favored the gathering with an hour's movie show.

Woman's Club Hears Talk By Mrs. Harding, Distinguished Author

"The Power Behind The Pen" was the subject of a very fascinating lecture presented to an interested audience of the Arlington Woman's Club, Thursday afternoon, January 16 at the Robbins Memorial Town Hall, by Bertha Harding, young author, born of Hungarian ancestry with a title of Countess.

Mrs. Harding, who has only been writing books for about five and a quarter years, has already distinguished herself in the field of non-fiction. She spent most of her girlhood in Mexico, to which country she came with her parents, who were sent there to recover the imperial jewels of the Maximilian dynasty. She was educated in a French convent.

Mrs. Harding spoke of the great evil that can be wrought through the power behind the pen, and likened it to a sharp two-edged sword, and told of the hoodlums that could be spread all over the world, if it would be used for good as well as evil. Mrs. Harding has chosen to write non-fiction because she likes to tell of real flesh and blood people, real things, real happenings.

The source of writing for her first book "Phantom Crown," came from the tales told by her Indian nurse, when a mere child, a tale of Prince Maximilian and Princess Carlotta, who were sent by Franz Joseph to Mexico to build a kingdom, which turned out to be but a Phantom Kingdom. Other books written by Bertha Harding are "Rival Purple," a golden fleece, "Imperial Twilight," and "Hungarian Rhinoceros," written from the memoirs of a great aunt of Mrs. Harding.

In the absence of the president, Mrs. Fred U. Wyman, who was confined to her home with the grippe, Mrs. Grady D. Feagan presided.

It was unanimously voted by the club to donate \$150.00 to the Greater Boston Community Fund. Mrs. M. Norcross Stratton, chairman of the committee on education, assisted by Mrs. John J. Casev, Mrs. William C. Drouet, Mrs. Fred V. Kelley, Mrs. Herbert B. Kellogg, Mrs. Horatio W. Lamson and Mrs. Edward R. Noyes were in charge of this meeting.

CARNIVAL BALL TONIGHT

Mrs. Russell To Head Girl Scout Officers

The annual meeting of the Arlington Girl Scout Council, took the form of an open meeting last Thursday evening in the Library Hall. A violin ensemble consisting of Martha Sheppard, Naomi Palmer, Evelyn Miller, Elizabeth Fellman and Phyllis Wyman, from the Anton Kovar violin studio, played three numbers to open the program.

Then the annual report was presented dramatically, with the different departments of Girl Scouting depicted as departments in a large store, offering bargains to the Girl Scout, played by Lee Cursey, who came to buy. Committee chairmen acted as sales women behind the counter of the toy shop (organization department) book shop (training department), gift shop (leaders' association), grocery department (program), camping department (Camp Monotony and Cedar Hill Day Camp), publicity department of the store (public relations department) respectively. Even the treasurer's statement represented the financial side of a large department store.

Seven of the Senior Scouts acted as ushers, and also sang

Arlington Girl To Appear In Movies

Arlington enjoys quite a reputation as a community which can boast of considerable musical talent. Now comes the news that one of its young singers, Donna Heide, will play an important part in United Artists' new picture, "Pot o' Gold." Donna is twenty and started singing on Boston radio stations when she was 12. Last summer, as one of the quartette known as "The Smarties", she was promised an audition by Horace Heidt. The quartette landed a job with Heidt's band.

Then Donna's group became known as "Donna and her Don Juans". When Heidt went to California for the picture, "Pot o' Gold," Donna and her Don Juans went along. During a broadcast rehearsal, the Arlington girl caught the attention of Director George Marshall and after a test, she got the part of Pauline Goddard's sister in the picture. Miss Wood is the daughter of Robert E. and Gertrude Anderson Wood of Everett street. She attended the Crosby school and Arlington high school.

Although he had been in poor health since his retirement, his death Tuesday evening was a shock to many. He was sixty-three years old. A native of Gloucester, Professor Center attended high school in that town and received his A. B. degree from Boston University in 1900. He married Lillian Gray Whitelaw of Ryegate, Vermont in 1905.

He started his journalistic career on the Gloucester Daily News and later became city editor of the William Evening News. From there he went to the Boston Post as a reporter and sports editor. In 1912, he left the Post to become managing editor of the Quebec Chronicle for a year. He returned to the Boston Post where he served as night editor until 1916 when he resigned to assume full duties at B. U. department of journalism. He became a full professor and head of the department in 1918, which position he filled until his retirement. It was through his efforts that the standards of the department were raised to the point where the B. U. department of journalism became a Class A school of journalism. He was also founder of the University's Gilbert & Sullivan association.
